10/18/2019

Targeted Deadline: Finish Reading articles on ML – 10/25/2019

Progress: What did you accomplish since the last meeting?

Next Steps: What are you working on until the next meeting?

1. Reading articles:
- Before we actually start training the model, I want to read some articles about machine learning and stock prediction to learn a more about where to go next and maybe even realize some issues we might face along the way.

Blockers: What is getting in your way or keeping you from doing your job?

1. Homework 3 for CSE 373 on 10/24:
- Homework 3 in my algorithms class.
2. Homework 2 for CSE 337 on 10/22:
- Homework 2 in my scripting class.
3. Midterm 2 for CSE 337 on 10/24:
- Midterm 2 in my scripting class.
4. Midterm for CSE 316 on 10/22:
- Midterm 2 in my fundamentals of software development class.
5. Grading for AMS 301 on every Friday:
- Grading homework for the students in AMS 301 class.
6. Interview on 10/28:
- I have a phone call interview with Facebook for the summer internship.
7. Interview on 10/28:
- I have a coding challenge with Etsy for a summer internship.

Table 1: Project Timeline

| | | |
|-------|--------|--|
| 10/18 |● | Read about Machine Learning |
| 10/25 |● | Read about Machine Learning |
| 11/01 |● | Brainstorm about how to start |
| 11/08 |● | Start working on the data to train the model |
| 12/09 |● | Last Day of classes |
| 12/20 |● | Semester Ends |
| 12/27 |● | Paper Deadline |
